

Big Erics

PROJECT DETAILS

LOCATION:
ATLANTIC CANADA

PROJECT TYPE:
WAREHOUSE

SERVICE TYPE:
DESIGN/BUILD

Big Erics Inc. is an Atlantic Canadian owned and operated distributor of sanitation equipment and supplies, food service equipment and supplies, industrial chemicals, and automotive detailing supplies.

Life Safety Systems designed and installed the complete sprinkler fire protection system for Big Erics warehouse in Dartmouth.

With user-friendly ESFR sprinkler heads, we eliminated the need for in-rack sprinklers.

The design-build approach made it possible to complete the project on time and budget.
