Hampton Inn Membertou

PROJECT DETAILS

LOCATION:
ATLANTIC CANADA

MARKET SECTOR:
HOSPITALITY

DELIVERY METHOD:
BID AND SPEC

The Membertou Hampton Inn by Hilton — which accompanies the Membertou Trade and Convention Centre — is a six-storey, 128 room hotel boasting 1500 sq.ft. of meeting space and an indoor mineral swimming pool and water slide, and complements the Membertou Trade and Convention Centre.

Life Safety Systems provided a complete sprinkler system for the newly constructed building. The selection of CPVC piping make it easy to fabricate on site.
