

Roughriders' Mosaic Stadium

Location: Saskatchewan

Market Sector: Sports and Entertainment

Delivery Method: P3

The Saskatchewan Roughriders had a new home in time for their 2017 season, in the form of an open-air stadium. Mosaic Stadium replace the stadium at Taylor Field, offering a capacity of 33,000 seats (expandable to 40,000 with temporary seating), 38 executive suites, and two levels of luxury seating.

Modern Niagara provided all mechanical systems for the project, including heating, cooling, plumbing, ductwork, building controls, sprinkler system, insulation, and balancing.

We are also pleased to provide ongoing service and support to this property.

The new Mosaic Stadium during construction.
